ITINERARY

Pre-Cruise

Each Southeast Alaska itinerary comes complete with a Complimentary Pre-Cruise Hotel Stay in Juneau, providing you with a seamless way to board the ship and explore the local area. Arrive the day before your scheduled cruise date and American Cruise Lines will handle the rest.

Pre-Cruise Hotel Stays must be reserved at least 30 days before your cruise date.

DAY 1 – JUNEAU, AK / MENDENHALL GLACIER

Arrive a day before your cruise begins to maximize your time exploring Juneau and viewing the breathtaking Mendenhall Glacier, one of the most beautiful glaciers in North America. Downtown, enjoy unique shops, excellent museums, and native heritage sites. Ride the enclosed tramway up the steep mountainside for spectacular views of forested islands, quiet coves, and rugged coastal mountains. As you depart the dock, keep an eye out for whales, renowned for their abundance in the area.

DAY 2 – HAINES, AK

Nestled at the northern end of the Lynn Canal, the mountains rise steeply from the shoreline and seem to wrap around Haines. Along a river on the edge of town, view the bears that regularly feed on salmon.

Bald eagles are the stars of more than 260 species of birds in the adjacent Chilkat Valley. Enjoy a variety of activities, including a guided wildlife expedition, a

private kayaking and rafting tour, or a visit to bald eagle rehabilitation center.

DAY 3 – GLACIER BAY

There is no place in the world quite like Glacier Bay National Park. The park sprawls majestically over 3.3 million acres of dynamic topography. Thousands of glaciers descend toward the bay, which is surrounded by the Fairweather Mountain Range, known to collect more than 200 feet of snow annually. American Cruise Lines is one of a few cruise lines allowed privileged access into this natural wonder. Savor a day cruising through this 60-mile bay as you delight in the diverse and stunning surroundings. Sip on cocoa as the ship floats beneath massive glaciers. Gaze in amazement at hundreds of seals hauled out on floating icebergs and massive chunks of ice breaking off and collapsing into the water. Enjoy awe-inspiring sights as your onboard presenter shares stories about the unique aspects that make this place so remarkable. From the comfort of your private balcony, watch for abundant marine and shoreside wildlife, including otters, seals, sea lions, black and brown bears, mountain goats, and many birds.

DAY 4 - PETERSBURG, AK

As your ship docks in Petersburg, admire the surrounding mountains which rise to the sky, white and gleaming. Founded more than 100 years ago by Norwegian fishermen, Petersburg is an authentic Alaskan fishing town, with most families making their living from the sea. Be warmly welcomed by locals and excursion guides who are proud to share the treasures of their hometown and honor the culture of those who first settled here. For a

spectacular view, take a flightseeing excursion and soar over massive glaciers, majestic valleys, and mystic bays. Explore the charming shops and quaint museums of downtown or hike along the waterfront to enjoy the surrounding wilderness. Charter a fishing boat for the afternoon in the adjacent Frederick Sound or delight in a jet boat adventure to nearby LeConte Glacier.

DAY 5 – CRUISING THE WRANGELL NARROWS

Cruising between Wrangell and Petersburg, the ship travels through the Wrangell Narrows – a deep and narrow waterway which resembles a fjord with steep and verdant shorelines gliding alongside the ship. Delight in a tasty snack and beverage as you nestle in to admire the scenic landscapes. Bask in stunning views of glaciers, strings of cascading waterfalls, and wildlife ranging from marine mammals to a variety of waterfowl, shorebirds, and seabirds. Enjoy activities with your ship staff, listen to an enlightening presentation from the guest speaker, and sample the chef's regional creations.

DAY 6 - WRANGELL, AK

Wrangell's cozy little bay offers a broad view of the attractive town and along the long valley descending from the backdrop of coastal mountains. To the north of town, the Stikine River empties into the ocean in braided rivulets across a wide delta. Salmon runs attract wildlife and observation areas enable you to safely watch eagles, seals, black bears, and brown bears feasting on the spawning fish. If you're feeling adventurous, you can take a jet boat ride up the river, an important route during the Gold Rush. On your exploration of the town, savor the flavors of fresh salmon and halibut, participate in native Tlingit culture, or stop and pick from the wild bushes of blueberries and huckleberries.

DAY 7 - TRACY ARM, AK / SAWYER GLACIER

This day of cruising offers an array of scenic highlights as our small ship meanders the narrow channel of the Tracy Arm Fjord. Throughout the 25-mile journey, the waterway averages only about a

mile wide, framed by steep vertical cliffs stretching more than 3,000 feet high. Pockets of valleys reveal views of larger, snow-capped peaks featuring mountainsides adorned with ancient forest and swaths of sparkling glaciers. Hundreds of waterfalls cascade down the cliffs and tumble into the water. The miraculous journey is further heightened as the ship arrives at the faces of the stunning twin Sawyer Glaciers that once combined to carve out this incredible waterway. Seals lounge with their young on small ice floes. During glacier viewing, the crew prepares a delicious hot-chocolate bar with an array of toppings and liqueurs. The area is almost unchanged since naturalist John Muir visited in 1879 and described this special place as "shut in by sublime cliffs, nobly sculptured, and adorned with waterfalls and fringes of trees, bushes, and patches of flowers."

DAY 8 - JUNEAU, AK

After an exciting adventure exploring the best of Alaska, end your journey where it began, in Juneau. Enjoy breakfast on board before departing the ship. You may decide to stay longer in this enchanting destination, brimming with incredible wildlife viewing, shopping, eateries, and breweries.

Pre- and post-cruise arrangements are available.
